This policy applies to all investments of the surplus funds of the school district, regardless of the fund accounts in which they are maintained, unless certain investments are specifically exempted by the school board through formal action.

**A. AUTHORITY: OBJECTIVES**

1. The funds of the school district shall be deposited or invested in accordance with this policy, Minnesota Statutes and any other applicable law or written administrative procedures.
2. The primary criteria for the investment of the funds of the school district, in priority order, are as follows:
  - a. Safety and Security  
Safety of principal is the first priority. The investments of the school district shall be undertaken in a manner that seeks to ensure the preservation of the capital in the overall investment portfolio. To attain this objective only appropriate investment instruments will be purchased and insurance or collateral may be required to ensure the return of the principal.
  - b. Liquidity  
The funds shall be invested to assure that funds are available to meet immediate payment requirements, including payroll, accounts payable and debt service.
  - c. Return and Yield  
The investments shall be managed in a manner to attain a market rate of return through various economic and budgetary cycles, while preserving and protecting the capital in the investment portfolio and taking into account constraints on risk and cash flow requirements and legal restrictions for return on investments.

d. Maintaining the Public's Trust

The investment officers shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the District, the Board or the School Treasurer.

B. DELEGATION OF AUTHORITY

1. The Executive Director of Business Services of the school district is designated as the investment officer of the school district and is responsible for investment decisions and activities under the direction of the school board. The investment officer shall operate the school district's investment program consistent with this policy. The investment officer may delegate certain duties to a designee or designees, but shall remain responsible for the operation of the program.
2. All officials and employees that are a part of the investment process shall act professionally and responsibly as custodians of the public trust, and shall refrain from personal business activity that could conflict with the investment program or which could reasonably cause others to question the process and integrity of the investment program. The standard of conduct regarding school district investments to be applied by the investment officer shall be the "prudent person standard." Under this standard, the investment officer shall exercise that degree of judgment and care, under the circumstances then prevailing, that persons of prudence, discretion and intelligence would exercise in the management of their own affairs, investing not for speculation and considering the probable safety of their capital as well as the probable investment return to be derived from their assets. The prudent person standard shall be applied in the context of managing the overall investment portfolio of the school district. The investment officer, acting in accordance with this policy and exercising due diligence, judgment and care commensurate with the risk, shall not be held personally responsible for a specific security's performance or for market price changes. Deviations from expectations shall be reported in a timely manner and appropriate actions shall be taken to control adverse developments.

D. ETHICS AND CONFLICTS OF INTEREST

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution of the investment program, or which could impair their ability to make impartial investment decisions. Further, no officer involved in the investment process shall have any interest in, or receive any compensation from, any investments in which the District is authorized to invest, or the sellers, sponsors or managers of those investments.
